

NANOCATH TRUESAFE COMFORT®

Our NanoCath TrueSafe Comfort® Line in the PremierPro™ by Medsource Family of Catheters provides you the latest technology for your tiniest patient. We offer 24G and 26G with two lengths so that you can have better chance of success your first try. Our push button activated safety features also help reduce the risk of accidental needlesticks injuries. Each catheter is equipped with our patented PUR technology and High Ni needle allowing for less pain at the insertion site. Our NICU-Comfort™ hub allows for comfort on the most delicate skin.

NanoCath TrueSafe Comfort® Safety IV Catheters

- Push Button Safety Activation Peripheral IV Catheter
- Made from our proprietary VenaPUR™ (Polyurethane) catheter material
- PurSafety S™ needle encapsulation
- Siliconized ground stainless steel needle
- Not made with natural rubber latex
- Not made with DEHP
