NANOCATH
TRUESAFE™

Safety IV Catheters

Available in 26G - 24G

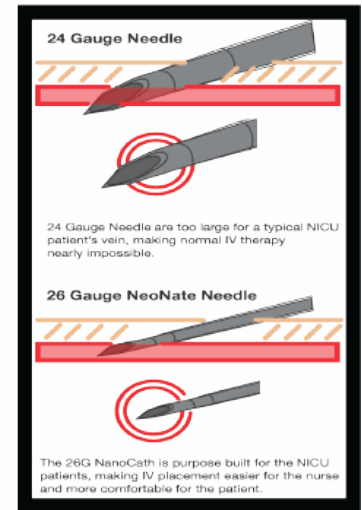

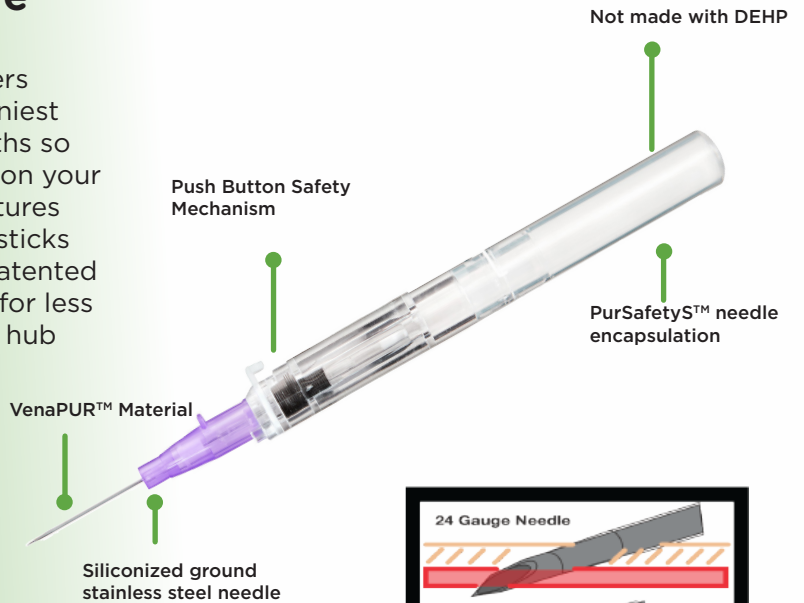

True safety starts with TrueSafe™

Our NanoCath TrueSafe Comfort® line in the PremierPro™ by MedSource Family of Catheters provides you the latest technology for your tiniest patient. We offer 26G and 24G with two lengths so that you can have a better chance of success on your first try. Our push button activated safety features also help reduce the risk of accidental needlesticks injuries. Each catheter is equipped with our patented PUR technology and High Ni needle allowing for less pain at the insertion site. Our NICU-Comfort™ hub allows for comfort on the most delicate skin.
